

CHRIST CHURCH CE VA PRIMARY SCHOOL
BAKER STREET, WESTON-SUPER-MARE

Dear Parents

CHILDREN WHO ARE UNWELL

As you know we encourage good attendance at this school, however, increasing numbers of children are either coming to school when they are not well or are returning to school before they are fully fit.

Can I please remind you that if your child is sick or has diarrhoea they **MUST** stay away from school for 48 hours. If your child has had flu like symptoms and has been unwell enough to stay away from school, then please make sure their temperature is back to normal and they have enough energy to cope with a busy day at school before sending them back.

It is a particularly busy time of the school year at the moment and the children are getting more tired than normal. Unfortunately this means they will often pick up bugs more easily so your help in following the above will hopefully prevent a wider spread of infection.

Yours faithfully

C Wilson

Headteacher
